

FOR TANGO AND BRIDGE PARTIES

Afternoon coat of white charmeuse for wear over handsome bridge frocks. Exceedingly interesting is the loose, baggy upper portion with its non-fitting collar of black moire. The girdle of black moire embroidered in Oriental colors and the tassels are also noteworthy. Coat from Stern Bros.

All awhirl with foamy frills seems this dancing frock with tulle flounces, each flounce being piped with tango crepe like the clinging skirt. From James McCreery & Co.
